## THE WEINIG TECHNOLOGY EXPO

**June 4 & 5, 2015**

Live demonstrations on over 30 machines are featured in the most unique 25,000 sq. ft showroom the industry has to offer, exhibiting both solid-wood and panel processing solutions. The Technology Expo highlights several innovative manufacturing solutions including a Lineal Moulding Cell and a Cabinet Door Cell that integrates the new HOLZ-HER Pro-Master CNC with WEINIG's rip, mould, and cut processes.

Breakthrough technology is also unveiled with the new WEINIG Powermat 700 moulder as well as the debut of a new vision for manufacturing— EnVision Software. Discover how to create and vitalize the entire manufacturing process and flow of data throughout the plant for solid wood and panel processing applications. This revolutionary software from WEINIG achieves simple efficiency, tracking capabilities, flexibility and ultimately, cost-savings for your bottom line.

**Drive Your Business to a New Level. Experience Weinig.**

### Expo Details

#### When

Thursday & Friday, June 4<sup>th</sup> & 5<sup>th</sup>  
8:30 am - 5:00 pm

#### Where

124 Crosslake Park Dr.  
Mooresville, NC 28117

#### Contact

Kelly Poltorak  
kelly.poltorak@weinigusa.com

For additional details, visit [www.weinigusa.com](http://www.weinigusa.com)

### HIGHLIGHTS

#### NEW Powermat P700 Moulder

- User-friendly with rapid set-up
- High level of repetition & precision
  - Outstanding surface quality
- Ergonomic advantages
- Better energy efficiency
- Excellent safety features
- 100% WEINIG quality

#### NEW EnVision Software

- Break out of traditional manufacturing methods with highly flexible, accurate system for on-demand production
- Eliminates paperwork and the need for staging material
- Generates G-code automatically
- Creates bill of material dynamically, sending it to your WEINIG and HOLZ-HER equipment automatically
- Creates your label data
- Maintains your customer database
- Can maintain your order database and track individual orders
- Email receipts
- Ties into your WEINIG PowerCom tool room software
- Tracks your billables and your sales team's sales

New Products & New Solutions

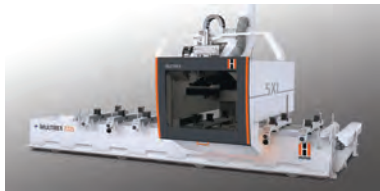

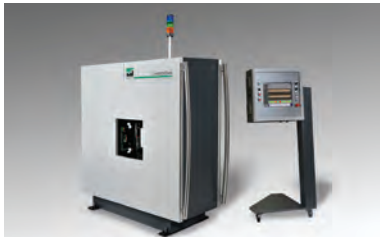

Industry Trend Updates

25,000 sq. ft of Technology in ACTION

# WEINIG Technology Expo

June 4 & 5, 2015

See new ideas to help your company be more competitive with today's demands for short lead times and smaller run quantities.

## Get the latest information in:

- ✓ Quick set-up Powermat moulders
- ✓ Moving blade rip saws with smart ValuRip infeed systems
- ✓ The most advanced cross-cut saws on the market today
- ✓ High speed scanning for both ripping and cross cutting
- ✓ Comprehensive product portfolio for finger jointing

## See our technology in action:

- ✓ Oscillating spindle moulders for producing textured surfaces
- ✓ Complete lineal moulding cell
- ✓ Cabinet door cell with complete 5-piece production
- ✓ State-of-the-art scanning systems
- ✓ Jointing technology

Nobody in the industry can put **ALL** facets of solid wood and panel processing together with the expertise and know-how of WEINIG and HOLZ-HER.

Come by and let us show you how.
